

URGES U. S. POWER

SAMUEL UNTERMYER ASKS FEDERAL BODY TO RULE AS CURB TO COMBINES.

CENSURES "ONE MAN" IDEA

Pujo Inquiry Counsel, Speaking in Chicago, Requests Executive Commission to Administer Law as Remedy—Cites Standard Oil Case.

Chicago, Jan. 7.—A powerful federal executive body to administer the Sherman anti-trust law is the prime remedy for the country's financial ills, according to the statement of Samuel Untermyer on Monday at a luncheon of the Illinois Manufacturers' association here. Mr. Untermyer was the counsel for the Pujo committee, which recently investigated the "money trust." The subject of his address was "A Legislative Program to Restore Business Freedom and Confidence."

Mr. Untermyer ridiculed the court "dissolution" of the Standard Oil trust as "bagrant and pitiful," with no restoration of competition among the component companies. He also gave warning against lodging in the attorney general the power of negotiating "consent decrees" like that which has broken up the American Telephone & Telegraph company.

There must be, however, he said, an executive authority to assist the courts and the attorney general in the practical application of laws to liberate business from the thralldom of illegal combinations, and this authority Mr. Untermyer would give to the industrial commission. The speaker did not recommend any plan for the appointment of the commission.

Mr. Untermyer directed the attention of the business men who heard him to the fact that anti-trust legislation is the next big problem to which the national administration must devote its energies. Business men, he said, should co-operate with congress in a spirit of patriotism and not in the attitude of hostile criticism which characterizes utterances by banking organizations and individual leaders before the passage of the income tax and currency measures.

In addition to a law for the industrial commission, Mr. Untermyer said congress should pass bills embodied in the 22 recommendations of the Pujo committee, dealing with banks, interlocking directorates, stock exchanges, clearing houses and the administration of the Sherman act.

At one point, talking about "dummy" directors, he referred to the withdrawal of the house of Morgan from participation in the affairs of 28 corporations and said it is "most unsubstantial."

BRITAIN SHIFTS SIR CARDEN

Diplomat at Mexico City Gave Interview Reflecting on American Policy in Mexico.

London, Jan. 7.—Sir Lionel Carden, British minister to Mexico, is shortly to be transferred to Rio de Janeiro as minister to Brazil. The successor to Sir Lionel at Mexico City will probably be Charles Murray Merling, senior counselor in the British diplomatic service, now accredited to Turkey. Although no reason for the change is given at the foreign office the transfer of Sir Lionel Carden recalls several instances of friction with Washington since he has been at Mexico City. One grew out of Sir Lionel's action in presenting his credentials to Huerta on the day after President Wilson had formally communicated to the Mexican ruler his determination never to recognize his government. Another was a published interview in which the British minister was quoted as saying the American representatives in Mexico "did not understand conditions."

SUPREME COURT O. K.'S LAW

U. S. Tribunal Upholds Regulations Governing Pure Food and Drugs Act.

Washington, Jan. 7.—Declaring valid the regulations made by the federal food and drugs board for administering the pure food and drugs law, and extending its scope, the Supreme court of the United States on Monday held that all packages of drugs must state on their labels, not only whether they contain certain drugs specified in the law itself, but also a large number of derivatives of these drugs suggested by the board.

States can hold safe deposit companies responsible for the collection of inheritance taxes or possessions held in the safe deposit boxes of patrons, according to a decision of the Supreme court. The constitutionality of an Illinois law placing responsibility on these companies was sustained.

STATE BANKS LOSE OUT

Cannot Take Advantage of Federal Reserve Act, According to Attorney General Grant Fellows.

Lansing, Mich., Jan. 5.—Attorney General Grant Fellows gave E. H. Doyle, state banking commissioner, an opinion that state banks cannot take advantage of the federal reserve act. The attorney general bases his opinion on the following grounds: First—State banks cannot hold stock in other corporations. Second—State banks cannot loan their credit to other banks. Third—Permission given in the federal reserve act to state banks does not supersede the state law which does not permit state banks to hold stock in other banks.

NO TRUCE IN STRIKE

REFUSAL OF OWNERS TO RECOGNIZE MINERS' UNION AS PARTY TO PEACE IS CAUSE.

U. S. MEDIATOR QUILTS TASK

Grand Jury Starts Investigation of Kidnaping and Shooting of Charles Meyer While He Was at Hancock, Mich.

Houghton, Mich., Jan. 7.—Governor Ferris has taken hold of the strike situation in the copper country. With his coming Monday a practical truce went into effect and both sides expressed a willingness to await his findings before initiating new measures in the industrial warfare.

John B. Densmore of the department of labor announced on Saturday that his efforts to end the strike of copper miners by conciliation had failed after he had made a final effort to bring the warring factions together.

He did not hesitate to blame his failure upon the uncompromising attitude of the mine owners, who refused to recognize the Western Federation of Miners as a party to arbitration proceedings or other peace projects.

"In a nutshell, the question was whether the union men should go back to work with or without discrimination. The companies refused to do anything but discriminate against members of the union," said Mr. Densmore.

"It means a struggle to the bitter end," said O. N. Hilton, chief of counsel of the Western Federation of Miners, who has represented President C. H. Meyer here since the latter's deportation. "The outcome is due entirely to the attitude of the companies. They wanted everything and would concede nothing."

The union's last word was an offer to withdraw the Western Federation from the field, its place to be taken by a union affiliated with the Michigan Federation of Labor, the United Mine Workers, with which the Western Federation of Miners is affiliated, or some similar body. This was rejected absolutely by the companies. Word of the negotiations was telegraphed to the secretary of labor by Mr. Densmore. He said that a full report of the efforts made would be made by him after his return to Washington.

The Houghton county grand jury was specifically charged by Judge H. H. O'Brien of the circuit court to investigate the kidnaping of Meyer. Meyer was forcibly deported, beaten and shot.

"If the jury believes there is reasonable amount of evidence pointing toward persons connected with the kidnaping, they are to be investigated and indicted," Judge O'Brien charged. The grand jury is made up of James MacNaughton's chauffeur, Edgar Bye, several mine superintendents and two Socialists. The evidence is being placed before the grand jury by George Nichols, a special prosecutor appointed by Governor Ferris to conduct the investigation.

32 DEAD IN TORNADO

GALE IS STILL RAGING ON ATLANTIC COAST.

Tank Steamer Oklahoma Sinks and Eight Are Rescued—Five Lives Lost in Hurricane.

New York, Jan. 7.—The oil tank steamer Oklahoma broke in two amidships without warning south of Sandy Hook Monday and 32 of her crew of 49 men perished.

The stern section, in which was situated all the heavy machinery of the vessel, and on which there were 32 members of the crew, sank immediately. Eight members of the crew were rescued by the Hamburg-American line steamer Bavaria, whose captain says some of the Oklahoma's men told him they saw an open boat of the Oklahoma put away from the wreck with ten men in it.

Five lives were lost in the hurricane that swept the coast from Portland, Me., to Norfolk, Va., Saturday. One million dollars' damage was done.

The New Jersey coast has suffered the greatest damage, but with the shifting of the wind the high water, which threatened to wash away thousands of houses on the New Jersey coast, was partially removed.

At Atlantic City a 500-foot extension of the million-dollar pier has been carried away and nearly a mile of the board walk at Chelsea, adjoining Atlantic City, has been washed away. The sea has undermined a number of costly homes in Chelsea and a large portion of the sea wall there has been washed away. The board walk of Atlantic City was damaged.

Nearly all of the streets at Atlantic City are flooded and the electric light plant there, as well as nearly every town along the New Jersey coast, has been put out of commission and the cities and two towns are in total darkness.

A man died of exhaustion at Seabright, N. J., and two women were killed in Brooklyn as a result of the storm.

Nearly 200 persons are homeless.

"Did you, baron, ever go to a fortune teller?"
"Yes, mees, many times. But the last time was best."
"Where did you go?"
"I went to the probate court to find out about your grandfather's will."—Sunday Magazine of the Chicago Record-Herald.
